EXPERIENCE

Freelance Web Developer

2021 - 2022

Responsibilities:

- Spearheaded the development of an online solution for a business, encompassing web hosting, domain name acquisition, and the programming of a responsive website.
- Employed SEO strategies to organically boost website traffic, strategically incorporating keywords to achieve first-page rankings on Google search results.

Utility Company Sales Specialist

2015 - 2019

Responsibilities:

- Managed inbound customer calls and emails, effectively presenting, promoting, and selling home appliance insurance.
- Coordinated home service calls for appliance repair, demonstrating strong organizational skills.
- Skillfully de-escalated customer concerns, finding tailored solutions to meet their needs.

Restaurant Industry Kitchen Manager

2009 - 2015

Responsibilities:

- Directed kitchen operations, overseeing key aspects such as food ordering, delivery, stock control, and staffing.
- Strategically planned menu items based on anticipated guest count, ensuring efficient kitchen workflow during peak hours.
- Enforced compliance with health regulations, consistently meeting OSHA standards for a safe and sanitary kitchen environment.
